RE: Compendium of In-Situ Radiological Methods and Applications at Rocky Flats
Plant, December 1993

Dear Mr. Schassburger,

The Colorado Department of Health, Hazardous Materials and Waste Management
Division, (the Division), has reviewed the above referenced document submitted
by DOE and its prime operating contractor, EG&G. We hereby approve the above
referenced document.

This report is a significant improvement over the draft compendium. The Division
believes this compendium is a valuable reference to both project managers and
regulators employing in-situ characterization of radionuclides during site
investigations.

If you have any questions regarding this matter please contact Jeff Swanson of
my staff at 692-3416.

Sincerely,

Gary W. Baughman

Gary W. Baughman, Chief
Facilities Section
Hazardous Waste Control Program
